## **EDUCATION**

2021 - Present

Information Technology

**Industrial University of HCM City** 

GPA: 3.0/4

## **SKILLS**

Languages: HTML, CSS, JavaScript

Frameworks: React.js, Next.js, Node.js

Libraries: Tailwind CSS

Databases: MongoDB

Cloud Services: AWS

Version Control: Git

Responsive Design: Flexbox, Grid

Optimization: Performance tuning,

debugging

Basic IT Support: Knowledge gained during university coursework, including troubleshooting, system setup, networking, software installation, hardware support, and customer support.

### **CERTIFICATIONS**

English: TOEIC 510

## **OBJECTIVE**

As an Information Technology student, I am looking for an internship where I can apply my skills in web development or IT support. I am eager to expand my knowledge in troubleshooting, networking, software setup, front-end development, and cloud integration. With a strong willingness to learn, attention to detail, and a proactive approach, I am confident in my ability to contribute effectively to the team's success.

#### PROJECT EXPERIENCE -

15/05/2025 - 30/06/2025 (1.5 month)

**Online Book Selling Platform** 

**Role: Front-End Developer** 

## **Description:**

An online book-selling platform with a modern, responsive interface built using Tailwind CSS. Next.js and SSR optimize load times and SEO by rendering content on the server, improving performance and user experience.

#### **Key Features**:

- Implemented SSR for better SEO and faster load times.
- · Optimized responsiveness for all devices.
- Used AWS S3 for image hosting and Google Sheets for data management.
- · Added skeleton loaders for a smoother experience.
- Created a mobile-friendly hamburger menu and persistent header/footer.

#### **Technologies Used:**

- React.js, Next.js, Tailwind CSS, MongoDB, AWS, HTML, CSS, JavaScript

## ADDITIONAL EXPERIENCE / BASIC IT SUPPORT SKILLS

- I have experience diagnosing and resolving basic software and hardware issues through my coursework.
- I'm familiar with installing and configuring software and operating systems, including Windows and Linux.
- I also have a basic understanding of network configuration and troubleshooting connectivity issues.
- Additionally, I have assisted classmates in resolving common technical problems.
